"ECZEMA ITCHED SO BADLY I COULDN'T STAND IT."

"I suffered with eczema on my neck for about six months, beginning by little pimples breaking out. I kept scratching till the blood came. It kept getting worse, I couldn't sleep nights any more. It kept itching for about a month, then I went to a doctor and got some liquid to take. It seemed as if I was going to get better. The itching stopped for about three days, but when it started again, was even worse than before. The eczema itched so badly I couldn't stand it any more.

"I went to a doctor and he gave me some medicine, but didn't do any good. We have been having Cuticura Remedies in the house, so I decided to try them. I had been using Cuticura Soap, so I got me a box of Cuticura Ointment, and washed off the affected part with Cuticura Soap three times a day, and then put the Cuticura Ointment on. The first day I put it on, it relieved me of itching so I could sleep all that night. It took about a week, then I could see the scab come off. I kept the treatment up for three weeks, and my eczema was cured.

SHE QUIT COFFEE And Much Good Came From It,

It is hard to believe that coffee will

put a person in such a condition as it did a woman of Apple Creek, O. She tells her own story:

This money has been deposited with The Columbia Trust Co., 135 Broadway, New York to whom contestants must send their records. Contest is open till May 1st, 1913, allowing ample time to become skillful at the game. Each pack of Rayo Cards contains instructions for playing Pyramid and teils how to preserve records for Prize Contest.

Rayo Cards cost 50c. per pack and all orders enclosing money order for 50 cents will be filled in order of receipt. "I did not believe coffee caused my

"Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally one day, it came over me, and I asked myself what is the use of being sick all the time and buying medicine so that I can indulge myself in coffee?

"So I thought I would see if I could quit drinking coffee, and got some Postum to help me quit. I made it strictly according to directions, and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum which I like better than I liked the old coffee. One by one the old troubles left, until now I am in splendid health, nerves steady, heart all right, and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my housework, and have done a great deal besides.

"My sister-in-law, who visited me this summer had been an invalid for some time, much as I was. I got her to quit coffee and drink Postum. She gained five pounds in three weeks, and I never saw such a change in any-

PRESS OF COUNTRY PRAISED

Officers of Anti-Tuberculosis Association Acknowledge Debt in Fight Against Dread Disease.

Publicity in newspapers and magazines to the amount of 1,500,000 inches a year on tuberculosis and its prevention is being given by the press of the United States, according to an estimate issued recently by the National Association for the Study and Prevention of Tuberculosis. If all the publicity on tuberculosis given by the press of this country gathered in one paper, the National Association estimates it would make a paper of over 6,250 pages. In the last four years, during which time an active publicity campaign has been carried on, the National Association estimates that over 5,000,000 inches, or over 90 miles, of press notices on tuberculosis have been published.

"Publicity is the very heart of the educational campaign against tuberculosis," says Dr. Livingston Farrand, the executive secretary of the national association. "Largely because of the intelligent co-operation of the press has the anti-tuberculosis movement in this country been able to become, as it is, the greatest organized movement of its kind in the world. When tuberculosis shall have become a rare disease the American press may justly claim a large share in this gigantic achievement."

Love Matches.

"Miss Marie Corelli, like all female novelists, is a firm believer in marry ing for love."

The speaker, an editor of a woman's magazine, was taking tea at the Colony club in New York. She continued, a nut sandwich poised near her mouth:

"I argued and wrangled about love matches with Miss Corelli one whole day in her old-fashioned Stratford home, but she rather got the better of me at the end with an epigram:

'She who marries for love,' Miss Corelli said, 'enters heaven with her eyes shut. She who marries without love enters hell with them open."

Baking Economy.

By the use of perfect baking powder the housewife can derive as much economy as from any other article used in baking and cooking. In selecting a baking powder, therefore, care should be exercised to purchase one that retains its original strength and always remains the same, thus making the food sweet and wholesome and producing sufficient leavening gas to make the baking light.

Very little of this leavening gas is produced by the cheap baking powders, making it necessary to use double the quantity ordinarily required to secure good results.

sults.
You cannot experiment every time you make a cake or biscults, or test the strength of your baking powder to find out how much of it you should use; yet with most baking powders you should do this, for they are put together so carelessly they are never uniform, the quality and strength varying with each can purchased.

and strength varying with each can purchased.

Calumet Baking Powder is made of chemically pure ingredients of tested strength. Experienced chemists put it up. The proportions of the different materials remain always the same. Sealed in airtight cans Calumet Baking Powder does not alter in strength and is not affected by atmospheric changes.

In using Calumet you are bound to have uniform bread, cake or biscults, as Calumet does not contain any cheap, useless or adulterating ingredients so commonly used to increase the weight. Further, it produces pure, wholesome food and is a baking powder of rare merit; therefore is recommended by leading physicians and chemists. It complies with all the pure food laws, both STATE and NATIONAL. The goods are moderate in price, and any lady purchasing Calumet from her grocer, if not satisfied with it can return it and have her money refunded.
